

ElectriCinema Side Tension - Type C Version

The ultimate experience in a motorised screen

Sizes 150" - 200"

The side tension system offers the ultimate experience in a motorised projection screen, providing the best possible lay flat with its large diameter roller, and side tensioning system that pulls the screen flat. Suitable for home theatre.

Market Segments:

Corporate Events

Government

Worship

Defense

Theatre

Education

CONTROL

Fully integrated with Connect IP, 12V trigger, contact closure and IR plus the ability to link and group switch with other Connect control devices.

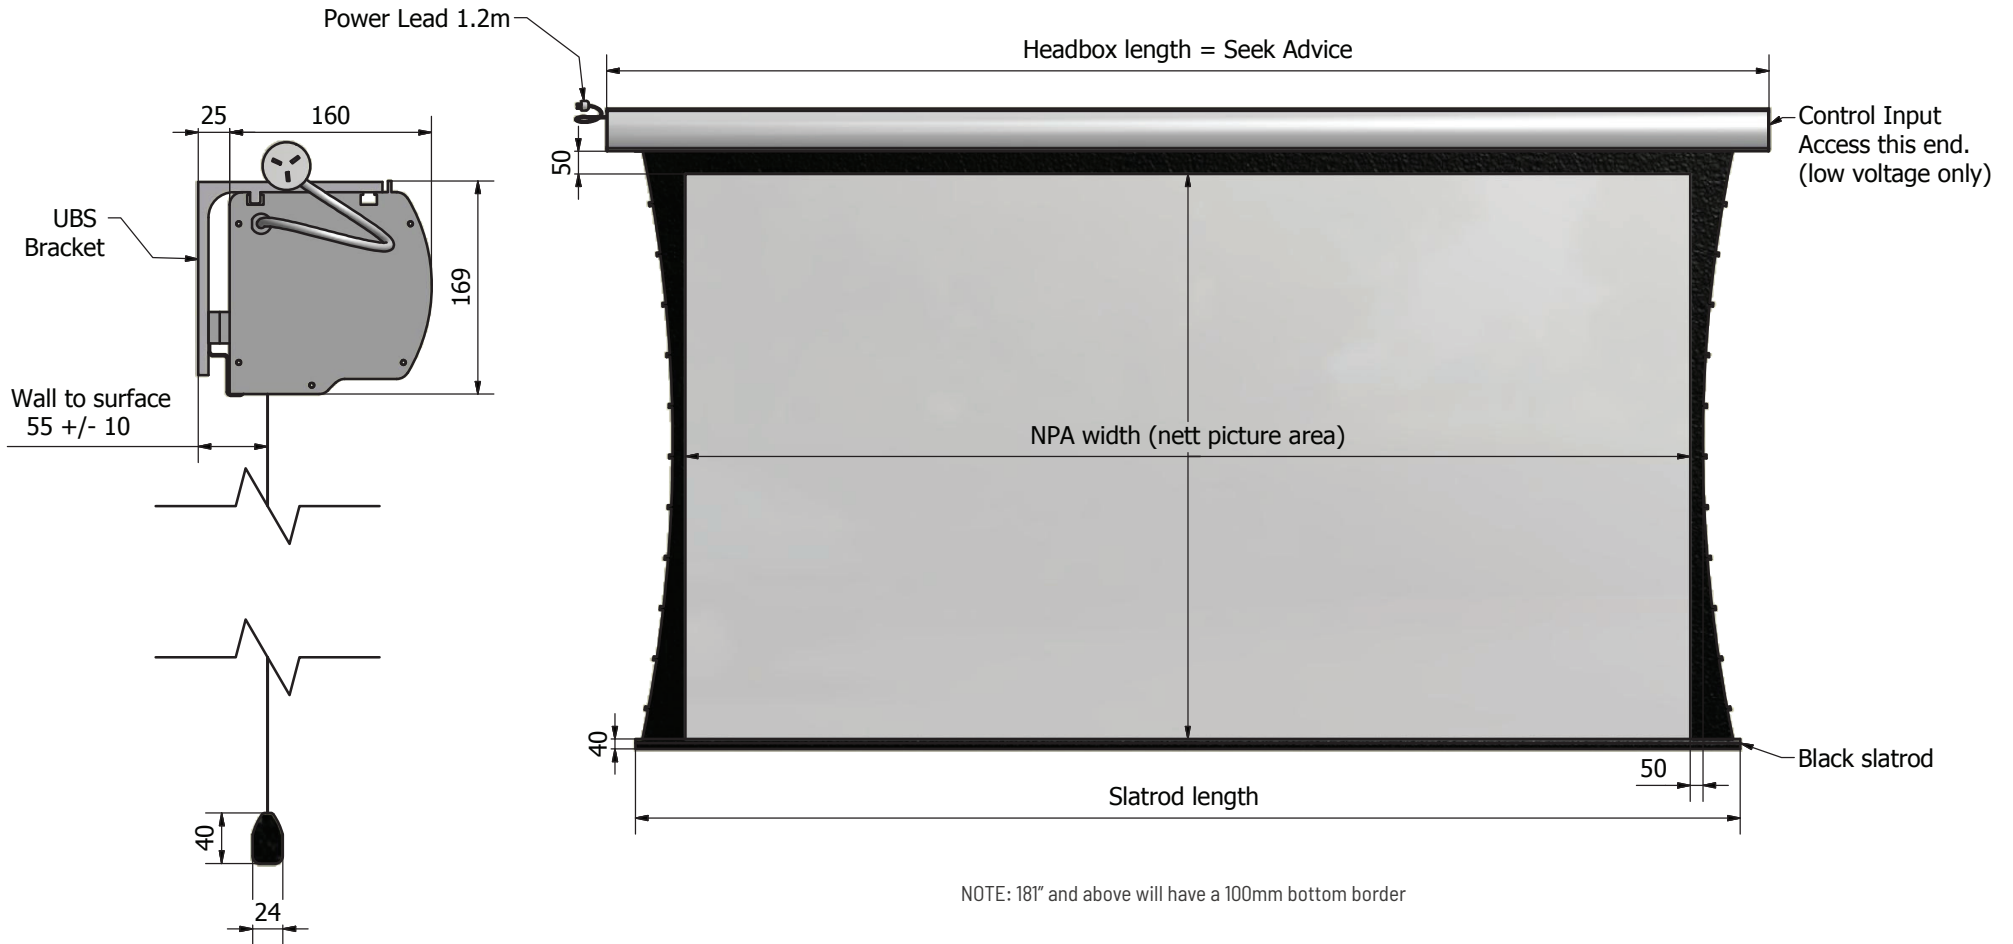

SHORT THROW PROJECTORS

The ElectriCinema Side Tension screen is the only retractable screen suitable for use with a short throw projector. For the best results we recommend using the CinemaSnap range.

Benefits include:

- Excellent lay flat
- Quiet operation
- Reliability
- Fully integrated with Connect IP

Manufacturing tolerance +/- 5mm on headbox & slatrod.
All dimensions are in (mm)
If installed in ceiling always allow for removal for servicing.

Product Features

DESCRIPTION:

Designer Style Motorised Projection Screen with Integrated IP, 12v Trigger, contact closure & IR Remote Control

SURFACE:

Unity White Black Backed PVC - Gain 1.0

HEAD BOX:

Powder Coat White as standard Black as same cost option

BORDERS:

50mm Sides with 300mm adjustable top black leader (181" and above have a 100mm bottom border).

BRACKETS:

One piece clip-on L bracket suitable for wall or ceiling installation

SIZES:

150" to 200" Diagonally, Custom Sizes & Formats available upon request

ROLLER DIAMETER:

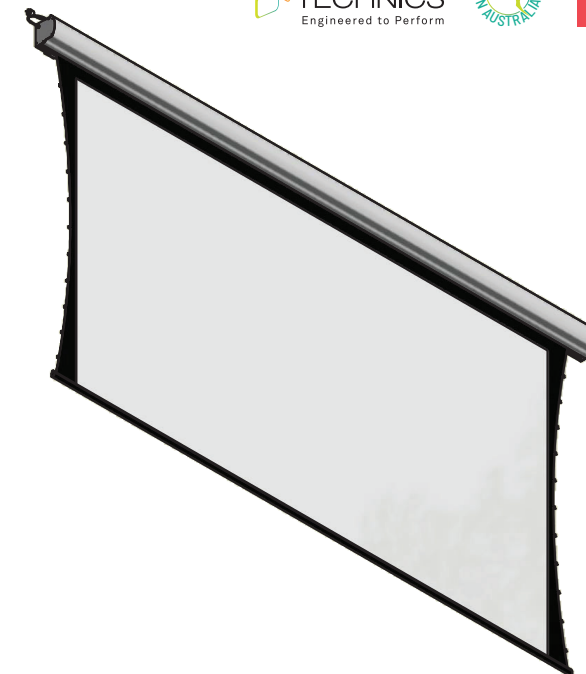

110mm Heavy Duty

OPTIONS:

Extra Top Masking, RF RTS Remote, custom powder coat colours

TOP LEADER:

Standard top leader on all screens is 300mm. Set at 50mm in the factory. Additional leader can be ordered, contact the sales team
