

Interfit Swing Down Flat Panel Screen Lifter

Why not install your flat panel screen horizontally and watch it swing down into position ready for use?

SIZES: TO ACCOMMODATE PANELS 24" - 65"

Providing a unique solution to limited space situations, the Swing Down Interfit Flat Panel Lifter is designed using a single integrated box with ceiling edge cover strips and a fitted door for a simple, modular, single trade installation.

Not enough space to install a Flat Panel Lift vertically in the ceiling? Why not install it horizontally and watch it swing down into position ready for use!

Adjustable to swing up to 25 degrees past the vertical plane, the Swing Down Interfit Flat Panel Screen Lifter ensures Flat Panel visibility for the viewing audience from boardroom to bedroom.

The Interfit Flat Panel Lift Your lifter by choice.
