

## Motorised Swing Arm

To suit **ElectriCinema Type A**  
- **ElectriCinema Type B**

A hassle free automated option in  
multi-purpose venues

SIZES 72" - 150" DIAGONAL

Is your ceiling too high for a traditional projection screen installation? Why not mount the screen to a wall and have it motor out from a flush position to 90 degrees into the room, then motor the screen down into position.

This can be achieved by using the Motorised Swing Arm in combination with one of our motorised projection screens.

Perfect for churches and multi-purpose venues.

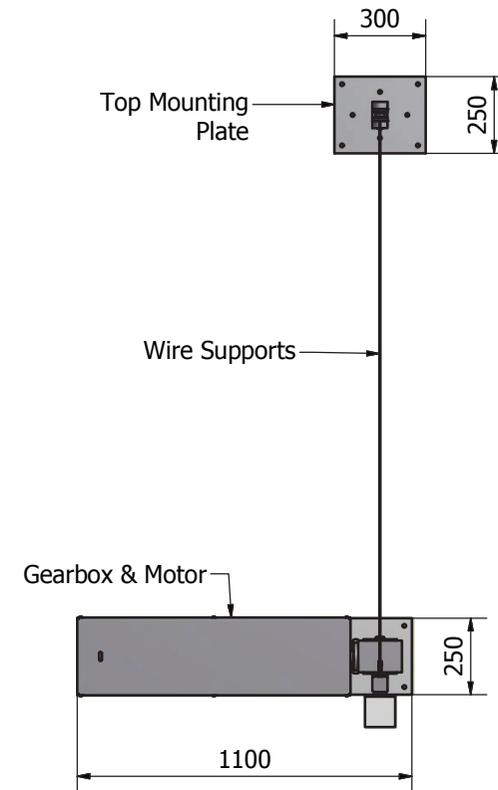

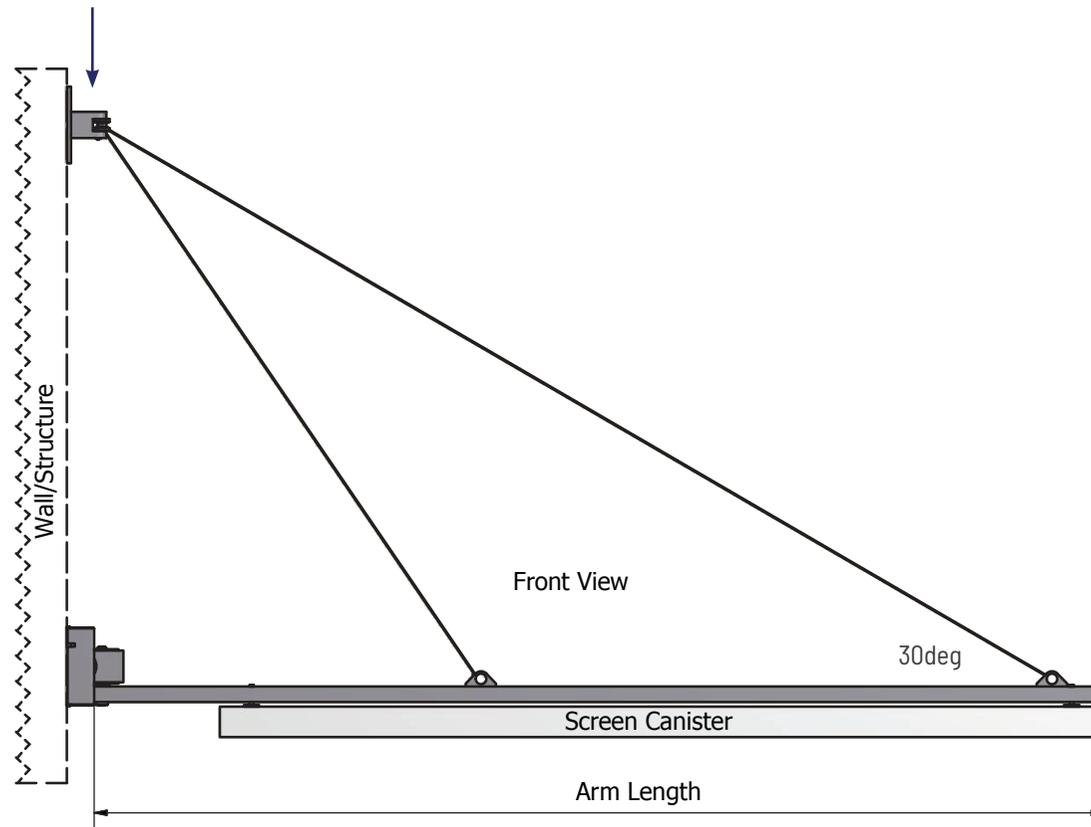

Comes with Connect Control and can have time delays programmed into the set-up for staged control of the installation.

### Benefits include:

- Motorise screen into position
- Allows screen to be mounted to wall
- Connect Control with programmed time delays

Top mounting plate must be installed on the same vertical plane as gearbox and motor

End View

NOTES:

- This unit requires installation on to a wall with suitable structural rigidity such as a masonry wall if unsure engineering advice should be sought
- Custom Sizes & Formats available upon request.
- Screen purchased separately

Manufacturing tolerance +/- 5mm

All dimensions are in (mm) If installed in ceiling always allow for removal for servicing.

ARCHITECTS SPECIFICATION

The motorised swing arm shall be an Australian made Screen Technics product model \_\_\_\_\_ for use with ElectriCinema projection screens and shall be located where indicated on the plans. Installation shall be done in accordance with the manufacturer's instructions.

## Product Features

**DESCRIPTION:**

Steel swing arm driven mechanically by reduction gearbox and supported by steel cables

**COLOUR:**

Black or White, custom colours available

**SCREEN:**

Recommend with the ElectriCinema range of screens, cost of screen NOT included

**INSTALLATION:**

Side wall mounted, with gearbox installation opposite to the travel direction of the arm

**TRAVEL:**

Zero to 120 degrees, suitable for screens 72" to 150" diagonal

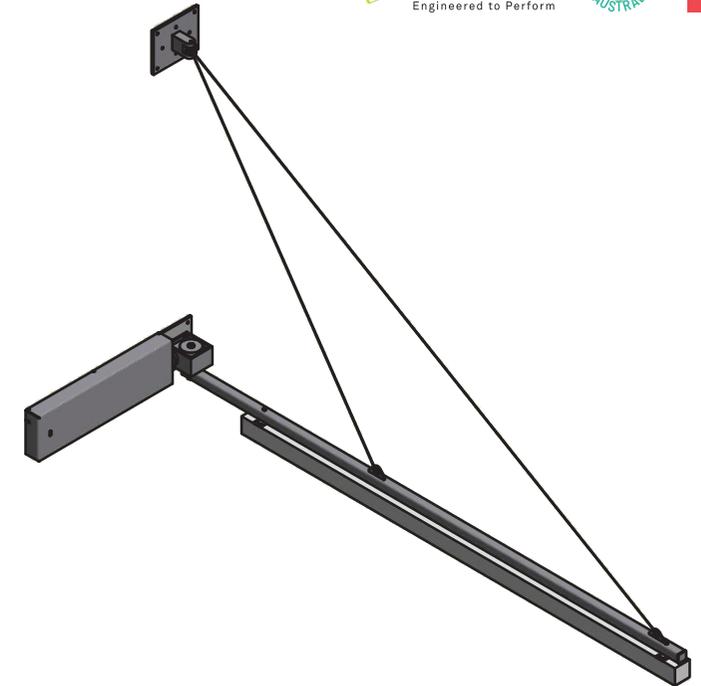

**SIZES:**

As shown - Custom Sizes Available
